

## DAN: the dancing Rhino

A 32 bar reel for a couple facing another couple around the room.  
Each man has his partner on his right. 1st couple face anticlockwise, 2nd couple face clockwise.

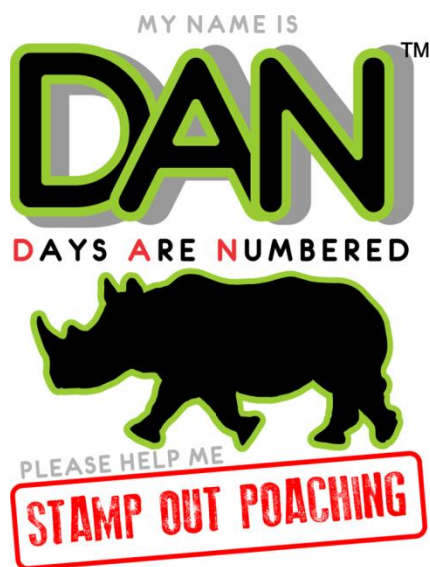

Bars

- 1 - 8            All dance four hands round and back.
- 9 - 16          All dance right hands across and back with the left.
- 17 - 20        All turn right hand with the dancer opposite.  
21 - 24        All dance back to back with partner.
- 25 – 28        1st and 2nd couples advance and retire  
29 – 32        All pass dancer opposite right shoulder to dance on to meet a new couple. All stamp twice.

The dance tells a story of the fight against Rhino poaching:

- 1 - 8    Take hands to support cause and work together.  
9 - 16   We are cross X, we are against poaching, we say no X to poaching; we have poachers in our cross-hairs.  
17 - 24   Make new partnerships back to basics; shape of rhino horn.  
25 – 32   Sometimes two steps forward, two steps backward but we move on to stamp out poaching.
