Dance devised by Cathrine Schmid
for Birgitta Penner, February, 2005.

!! Note: in the Reels, 3rd couple follows *behind* 1st couple up to bar 29/30 where 1st couple now curves into 4th place, while 3rd couple dances through 3rd place to continue the reel, as 1st couple sets. See Fig. The Reels should flow as normal reel of three with as normal phrasing as possible for couples 2,3,4, with 1st couple just detaching itself from it to curve in to 4th place

(Here is a rough idea of where each couple should be on bars 28 and 30 moving into bars 31-32)
